Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Sunday 26 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with patchy drizzle to start, drier and brighter later.

Today:
A mostly cloudy start to the day with some patchy rain or drizzle, especially on the hills. Gradually brightening up during the day with some warm sunshine later, especially in the east. Maximum temperature 21 deg C (70 deg F).

Tonight:
Dry through the evening and much of the night with some clear spells. However, strengthening winds and outbreaks of locally heavy rain will spread from the west by morning. Minimum temperature 9 deg C (48 deg F).

Monday:
Windy conditions with outbreaks of locally heavy rain will clear away east in the morning, with sunny spells and scatted showers by afternoon. Feeling much fresher than of late. Maximum temperature 16 deg C (61 deg F).

Outlook for Tuesday to Thursday:
Showers or longer spells of rain on Tuesday after a fine and dry start. Windy on Wednesday with rain or showers clearing east, then further rain spreading east on Thursday.
